BEATS PLUS BEACH EQUALS KRAFTY KUTS

The line-up for Beachbombing 2008, which will make its debut on the jewel in the Balearic crown, Ibiza, has been announced with beatbreaks unlikely to be disappointed. Heavyweights such as [Krafty Kuts](#), [Freestylers](#) and [Herve](#) are just some of the acts that have signed to play at the four-day dance music bonanza.

The organisers of the event are the good people behind Europe's biggest ski, board and musical festival Snowbombing and after two big events in Barcelona, coupled with two years of havoc-wreaking on the unsuspecting caravan parks of Newquay, they have decided to take it to the top by hitting up Ibiza.

Annie Mac and Pete Tong favourite Herve is causing quite a stir and takes his place alongside breakbeat/electro/hip hop deck-wreckers Krafty Kuts at the event, the hub of which will be the Ibiza Rocks hotel.

With more line-ups to be announced shortly Ibiza bunnies will be wetting their lips at the thought of a four-day extravaganza under the sun, splashing in the sea.

Should that not float your boat, this being Ibiza, the crème de la crème of the dance music world will be on hand to provide all the entertainment you need with the likes of [Erick Morillo](#), [Groove Armada](#), [Basement Jaxx](#) and [Roger Sanchez](#) all doing closing parties...roll on the summer!
